

CONSTANTINE OUT IN OPEN AS AN ALLY OF ENTENTES

Declares Greece Would Be Ruined If It Joined the Allies Without Pledges of Territorial Integrity After the War

SAYS RUMANIA WILL SOON BE OVERRUN

Allies Present Fresh Demands and Assume Control of Greek Police—Crown Council Bows To the Admiral's Ultimatum

(Associated Press by Federal Wireles.)

ATHENS, October 14.—King Constantine, certain that the Central Powers are to be the ultimate victors in the war, nevertheless is now in favor of Greece becoming an active ally of the Entente. He is convinced, he is reported as saying, that Rumania will be invaded within fifteen days in force and that Greece would be committing national suicide should it attempt to throw in its lot with the Allies.

This declaration of Constantine came on the eve of the surrender of the Grecian fleet and the main strategic railroad of the country to the French commander of the Allied fleet in Grecian waters and simultaneous with the announcement of fresh demands on the part of Admiral Dufour.

Greece Bows To Demands

These demands made yesterday in the form of a supplemental note addressed to the crown council. The French commander demanded that the control of the Greek police be turned over to him the carrying of firearms by the Greek citizenry be prohibited and an embargo put upon the transportation of munitions of any kind into Thessaly.

He also demanded that the embargo placed upon the exportation of wheat from Thessaly be lifted.

The Greek government has, according to a Reuters dispatch sent out last night, acceded to each of these demands.

Constantine Is Bitter

Yesterday King Constantine met a number of the Allied diplomats, with whom he was frank in the expression of his views. He is stated to have said that he prefers to lose his throne to endangering Greece by permitting her to engage in the war on the side of the Allies.

Rumania will not be able to resist the pressure upon her borders for more than another fifteen days," he is quoted as saying. "Then her territory will be overrun. If Greece were to enter the war, then we would share the same fate and become a Serbia and an Rumania will be."

The King presided at a stormy session of the crown council yesterday. He was emphatic in the expression of his personal views that Greece should not take part in the war unless the Allies be prepared to enter into a joint agreement to guarantee the integrity of Greece.

The whole future of Greece, he told his council, depends upon the nation declaring in favor of the Entente. He stated that it is impossible for Greece to join the Allies without receiving in advance the official pledges of Great Britain, France, Russia and Italy, that Grecian sovereignty and Grecian territory be unimpaired after the war, whatever sacrifices those Powers would have to make to secure these things for Greece.

If such pledges could be secured, then he was ready to bow to the popular wish had thrown himself on the side of the Allies.

LUCKY ONCE AND

READY TO TRY AGAIN

(Associated Press by Federal Wireles.)

AMSTERDAM, October 14.—Advises received here yesterday from Hamburg state that the commercial submarine Deutschland, which ran the British blockade successfully and went to and from the United States with cargo, is loaded for a second trip.

ANOTHER BRITISH SHIP GOES DOWN IN WAR ZONE

(Associated Press by Federal Wireles.)

LONDON, October 14.—The British steamer Gardiner was sunk yesterday, north of the Azores, by a torpedo or mine is understood. Twelve of the crew of twenty-five were killed. The fate of the other thirteen is unknown.

PROSPERITY TODAY UNSTABLE THING

Hughes Warns Missourians That War Business Is Built Upon the Sand

(Associated Press by Federal Wireles.)

JOPLIN, Missouri, October 14.—"The present prosperity of the country is built upon the sand," said Charles E. Hughes in an address here last night before an audience of miners and business men, to whom he appealed for support on the grounds that the Republican policy of protection to American industries is the only policy to be depended upon for permanent results.

The Republican candidate devoted the greater part of his speech to the tariff question, although he showed his sincerity in attacking the provisions of the Adamson Act by also going into it at length. Hughes as this is a strong unionized labor center, the candidate's handling of the so-called eight hour law was regarded as a bold proceeding. Its boldness brought cheers from the union miners, however, especially as Mr. Hughes pointed out that labor would, in all probability, learn that it had been sold out for a law that is nothing but a husk.

WILSON AT SHADOW LAWN

LONG BRANCH, New Jersey, October 14.—President Wilson returned to the summer Capital from Indianapolis yesterday. He will remain here until he starts next week for Chicago, where he is to deliver a speech on Wednesday. Today is to be celebrated at Shadow Lawn as Pennsylvania Day, when delegations from that State will be received by the President.

LABOR AGAINST HUGHES

SAN FRANCISCO, October 14.—Paul Scharenburg, secretary of the California Federation of Labor, yesterday telegraphed to Maude Younger, the suffrage leader, that "organized workers in California believe that you are doing a positive harm to the cause of nationwide equal suffrage and to progress generally by giving your support to Charles E. Hughes."

Miss Younger is in Nevada, where she is campaigning for the Republican nominee.

OCEANIC LODGE IS

'LE PROGRESS' AGAIN

California Grand Lodge Allows Order To Return To Its Original Name

(Associated Press by Federal Wireles.)

SAN FRANCISCO, October 14.—The Grand Lodge of Masons of the State of California, by its jurisprudence committee, of which Justice F. M. Ansell is chairman, has approved the petition of the Oceanic Masonic lodge of Honolulu to resume the original name of the lodge.

The local lodge of Masons bears the name of Oceanic Lodge No. 37 of Honolulu, and some months ago petitioned to have restored the name given to the lodge when it was founded in 1842. The original name was Le Progress, or "The Progress." The cablegram received in Honolulu that this petition will be granted and the recommendation of the jurisprudence committee adopted.

The Honolulu lodge was founded in 1842 by Captain Le Pelletier, and was the first Masonic lodge founded west of the Missouri River. Captain Pelletier came to Hawaii in the bark Apex from Havre, France, and had with him a commission from the Imperial Council, thirty-first degree ancient and accepted Scottish Rites of France, authorizing him "to set up Masonic lodge in the Pacific Ocean." Le Progress lodge was organized on board his ship at Honolulu. There are no surviving charter members of the lodge.

The last charter members to pass away were William T. Sen and Captain John Mear. Among the present and best known members of the lodge were: Kamehameha III, Kamehameha IV, John O. Dominis, J. O. Carter, H. A. P. Carter and Dr. C. K. C. Rooke.

WOMEN'S RIGHTS NOW AN EPISCOPAL ISSUE

(Associated Press by Federal Wireles.)

ST. LOUIS, October 13.—A resolution introduced today in the house of deputies of the Protestant Episcopal general convention seeks to give women the right to sit as delegates.

The treasurer of the board of missions reported today that all payments to the mission funds have been met with a reserve on hand of \$748,776.

DIPHTHERIA—HOW IT MAY BE AVOIDED.

(Associated Press by Federal Wireles.)

Diphtheria is usually contracted when the child has a cold. The cold propagates the child's system for the reception of development of the diphtheria germ. When there are cases of diphtheria in the neighborhood children that have colds should be kept at home and of the secret until recovered. Give them Chamberlain's Cough Remedy and they will not have to remain at home long. It also cleans out the system and builds up a child's health. When a child has a cold, and minimizes the risk of contracting infectious diseases. For sale at all dealers. Boston, Smith & Co., Ltd., agents for Hawaii.

THAYER RESIGNS AS SECRETARY OF HAWAII IS REPORT

Official Most Interested Denies Accuracy of News But Refuses Interview

CAPITOL GIVES FULL CREDENCE TO REPORT

Lack of Harmony Between Governor and Secretary Said To Be Reason For the Step

(Associated Press by Federal Wireles.)

LONDON, October 14.—The raid carried out on Sunday off Nantucket, Rhode Island, by the German submarine U-53, raises no new issues so far as the relations between the United States and Great Britain is concerned, according to a statement issued last night by Lord Cecil.

All warfare carried out by submarines against merchant ships is, in its very nature, in violation of the mutual understanding of the United States and Great Britain regarding interpretation of international law, arrived at before the outbreak of the present war. In the past each government announced, unilaterally and without legal authority to sink passenger ships and thus endanger the lives of the passengers and members of the crews.

The method of submarine warfare by Germany against unarmed ships, especially those carrying women and children, is still objectionable to Great Britain, and in the case of the U-53 is even more objectionable than usual, because done on the American side of the Atlantic, far removed from any announced zone of German operations.

RIVAL AIR FLEETS

BATTLE OVER BIG

MUNITION FACTORY

(Associated Press by Federal Wireles.)

PARIS, October 14.—During the past six hours the air squadrons of the various belligerents have been busy. A fleet of thirty British planes made a raid against the German munition works at Oberdorf, where the Mauser factories are located. The raiders dropped four tons of high explosives on the rifle plant and beat back the German aeroplanes who rose to the defense of the city. Six of the German machines were shot down.

Berlin reports that the British aeroplanes suffered heavily in returning to its base, the anti-aircraft guns bringing nine machines down as the squadrons flew south.

German aerial planes raided the Rumanian port of Constantza on the early morning of Tuesday, bombarding a fleet of Russian transports there.

PANAMA MARU IN

FOG RUNS ASHORE

(Associated Press by Federal Wireles.)

SEATTLE, October 14.—The Japanese steamer Panama Maru, from the Orient grounded last night on Thompson's Spit. A dense fog prevented her skipper from knowledge of his exact whereabouts. Reports wireless from the stranded ship state that she has suffered no material damage.

The Panama Maru was the second vessel to ground on this coast yesterday, the schooner Watson West being run ashore inside Cape Flattery.

Watson West was grounded intentionally, however, having been rammed by a small tug and damaged. She was beached to prevent damage to her cargo.

MEXICAN CHARGE

SILENT ON RETURN

(Associated Press by Federal Wireles.)

WASHINGTON, October 14.—Senator Arredondo, charged with affairs of the Mexican legation, who has been in the City of Mexico in consultation with the First Chief Carranza, returned to his post here yesterday. He refused to give out any statements dealing with the relations between the two governments, nor would he indicate whether he recently issued ultimatum of the Mexican chief of staff that the withdrawal of the Pershing expedition was a necessary preliminary to all other arrangements was made with the approval of Carranza or not.

GIRLS THOUGHT DEAD

HAD ONLY GONE HOME

(Associated Press by Federal Wireles.)

NEW YORK, October 13.—What for some time was expected to be another factory fire horror occupied the attention of the Gotham fire fighters yesterday, when a west side loft building burned. The early count of those known to have got out of the building safely left several girls unaccounted for and it was feared that their bodies could be found in the ruins of the building. Later, however, it was discovered that these girls had all had time to escape and had gone to their homes to reassure relatives of their safety.

U-53 Raised No New Issues Say British Leader

All Such Warfare Is Illegal, Declares Cecil, According To United States

(Associated Press by Federal Wireles.)

LONDON, October 14.—The raid carried out on Sunday off Nantucket, Rhode Island, by the German submarine U-53, raises no new issues so far as the relations between the United States and Great Britain is concerned, according to a statement issued last night by Lord Cecil.

All warfare carried out by submarines against merchant ships is, in its very nature, in violation of the mutual understanding of the United States and Great Britain regarding interpretation of international law, arrived at before the outbreak of the present war. In the past each government announced, unilaterally and without legal authority to sink passenger ships and thus endanger the lives of the passengers and members of the crews.

CANTON BESEIGED

AND FIGHTING HOT

Rival Factional Leaders, Claiming To Be Patriots, Keep City Stirred Up To Panic

(Associated Press by Federal Wireles.)

HONGKONG, October 12.—(By The Associated Press.) Canton is in a state of siege and panic as a result of the ambitions of rival military leaders who claim they are operating through patriotic motives. Cholera has appeared at Muen, and is reported at Canton. Consequently Hongkong has been compelled to deny admission to the thousands of Chinese who are fleeing from the beleaguered city of Canton.

General Lung Chik-kuang, who was military governor of Canton before Li Yuan-hung became president, was named by Li Yuan-hung to hold the same office. However, the opposition of the extreme republicans to General Lung Chik-kuang was so strong that President Li Yuan-hung was compelled to name General Lu Yung-ting to take the post of military governor in Kwangtung. General Lu is in Kwangtung, and has not yet gone to Kwangtung province. He is reported to be on his way there, but there are many rumors as to what his intentions are. The hold of the Peking government on Canton and Kwangtung province is so very slender that it is doubtful whether its new appointee will be able to restore harmony when he reaches Canton.

In the meantime General Tsun Chun-huen and General Li Chieh-shun, who are reported to be patriots, prompted only by a desire to displace General Lung Chik-kuang, whom they denounce as a monarchist and a man thoroughly out of sympathy with the republican government, have been attacking the suburbs of Canton for weeks, and are blocking the river.

The United States has several small gunboats lying in the West River for the protection of Shanghai Island, upon which practically all the Europeans live. The Japanese also have several warships in the river, and a number of antiquated Chinese gunboats are engaged in the struggle which has been going on for some time. The revolutionists have drafted several steam tugs into service, and equipped them with rapid firing guns and several larger guns. Indiscriminate shooting has been going on for weeks, with the result that bullets and misplaced shells have been falling in the vicinity of the foreign settlement and life has been greatly endangered in many parts of the Chinese city.

The foreign warships have at times been within range of the fire exchanged by Lung Chik-kuang's men and the forces of his two opponents. One sailor on the U. S. S. Helena was wounded by a spent bullet which struck him in the foot. Several foreigners have had narrow escapes on Shamoen Island, and the foreign consuls have ordered their subjects to keep away from the waterfront and remain indoors as much as possible. The firing continues both day and night, and consequently it is never safe to move about in the foreign section.

Shamoen Island, upon which all the foreign consulates and most of the foreign business houses are located, is very about one and a quarter miles in circumference. It is separated from the main city by a narrow creek or great ditch, which can be crossed only by two iron bridges that are thoroughly barricaded.

BAYONNE STRIKE IS

NEARING ITS END

(Associated Press by Federal Wireles.)

BAYONNE, New Jersey, October 14.—Last night found a lull in the strike disorders that had continued practically throughout the day, with frequent bloody clashes between the police and the strikers from the refineries. In one clash shots were exchanged, one policeman dropping with his leg shattered while two strikers were wounded.

The authorities were in control of the situation last night and the strike was heavily patrolled, with searchlights playing over the ground and preventing any gathering of strikers.

The labor leaders and the refinery have been in consultation through intermediaries, and it is reported that the hopes for a speedy settlement of the differences are now bright.

BRITISH PROMISE TO

RESPECT THE MAILS

(Associated Press by Federal Wireles.)

WASHINGTON, October 13.—The Allies are yielding to Uncle Sam on the demand for better treatment of neutral vessels. Radical changes in the treatment of mails on neutral ships are promised in a reply, the state department has received from the British and French governments, answering American protests against illegal interference.

The changes which the Allied governments propose, while short of an abandonment of the contention of the right of search for information of value to the enemy, are regarded by the Allies as sufficient to meet the wishes of the United States.

RUSSIA RETURNS TO

SWEDISH SHIPS SEIZED

(Associated Press by Federal Wireles.)

LONDON, October 13.—The Russian government has released 21 Swedish vessels which have been held, some of them for many months, in Russian harbors, says a Copenhagen despatch.

ITALIAN VICTORY FEATURE OF REPORT

Fierce But Indecisive Fighting Is Reported From Score of Battlefields

(Associated Press by Federal Wireles.)

LONDON, October 14.—Further substantial gains for the Italians are reported as a result of heavy fighting yesterday, in which the Italian infantry advanced along a wide front, seizing ground and capturing many prisoners and much booty.
